Russia Sanctions Declaration

Material restrictions arising from:

Russia (Sanctions) (EU Exit) (Amendment) Regulations 2023

EU Regulation 833/2014 including amendments under Regulation 2022/1904

EU Regulation 765/2006 including amendments under Regulation 2022/355

Jubilee Clips Ltd is constantly monitoring all legislation in order to ensure full compliance at all times. The materials that we purchase and manufacture are directly affected by the following legislation:

- Russia (Sanctions) (EU Exit) (Amendment) Regulations 2023
- EU Regulation 833/2014 including amendments under Regulation 2022/1904
- EU Regulation 765/2006 including amendments under Regulation 2022/355

The effective date of these regulations is 1st October 2023, but the regulations were public knowledge well before then.

As a high quality manufacturer Jubilee Clips Ltd already have procedures and processes in place for checking the quality and origin of all incoming materials. Whilst we are very particular about our supplier approval process and it is incumbent upon our suppliers to ensure their compliance, we continue to maintain our own checks and are able to ensure full compliance with the requirements of the legislation and hereby confirm the same.

Customers requiring further evidence of our compliance in the form of mill certificates and/or certificates of origin should contact us directly with the relevant order, delivery, or, invoice reference number.
