

# FLEXIBAND

Our band and buckle system, Jubilee Flexiband, is low profile, tamper-proof and extremely strong.

Commonly used in municipal applications such as sign fixing where the tamper proof nature of the product is of paramount importance. The high clamping force and low profile fastening also make Flexiband the optimal solution for many delivery hose applications.

All components are manufactured in corrosion resistant 304 grade stainless steel.

The low profile of the buckle is useful where space is a consideration, or, where there is a snagging hazard. For high volume users Flexiband also offers an economical alternative as the cost of the tool is spread over many fittings.

High resistance to corrosion means that Jubilee Flexiband is suited to a wide range of industries, including industrial, agriculture, automotive, civil engineering, marine, food, petrochemicals, road signs and offshore oil and gas.

Flexiband is suitable for virtually any diameter and shape and if needed, can be double banded for extra strength.

## Flexiband Operating Tool

For tensioning and cutting

Part No. FBT

304 Stainless Steel

# FLEXIBAND 304 Stainless Steel

## Banding

Part No.	Description	A Width mm	A Width Inches	S Band Thickness mm	Tensile Strength N/mm <sup>2</sup>	Part No.
FB09B	Banding in dispensers of 30 metres	9	3/8	0.65	540-750	FB09B
FB13B	Banding in dispensers of 30 metres	13	1/2	0.75	540-750	FB13B
FB16B	Banding in dispensers of 30 metres	16	5/8	0.75	540-750	FB16B
FB19B	Banding in dispensers of 30 metres	19	3/4	0.75	540-750	FB19B

## Buckles

Part No.	Description	Width mm	Width Inches	Dimensions		
				A = mm	B = mm	S = mm
FB09H	Buckles in boxes containing 25	9	3/8	23	16	1.2
FB13H	Buckles in boxes containing 25	13	1/2	35	27	1.4
FB16H	Buckles in boxes containing 25	16	5/8	38	27	1.4
FB19H	Buckles in boxes containing 25	19	3/4	42	27	1.6

## Quality Assurance

SAE J1508 Surface Vehicle Standards-Hose Clamp Specifications, type H, style C is referenced in the quality control methods for the design/manufacture of Jubilee Flexiband.

## Corrosion Resistance

1000 hours NSS Test

## Fastening

Bend arms on buckle and tension band using Jubilee Flexiband tool.

## Industry Recommendations
